One Price To All

$543 67 worth of Portieres, Couch Covers, and Brocatelle Table Covers damaged by water in transportation. While in New York a few weeks ago I bought for the fall season, Portieres, Couch Covers and Brocatelle Table Covers. Had them shipped as usual by the Pennsylvania Railroad, but in some way they got wet. We reported our claim to the Pennsylvania Railroad, of which Mr. J. S. Peverill is manager of the freight department. The claim has been adjusted to our satisfaction, certainly it was not much, as the damage was very, little and to get them out quick we marked them as follows:

$2.50 Portieres, beautiful colors, marked $2.00.
$4.50 Portieres, at $3.50.
$5.00 Portieres, at $4.00 and etc.
$1.00 Couch Covers, 85c.
$1.25 Couch Covers, $1.00.
$2.00 Couch Covers, $1.50.
$2.50 Couch Covers, $2.00 and etc.
$2.50 8-4 Brocatelle Table Covers, marked $2.
6-4 Brocatelle Table Covers, $1.25 kind $1.00.
4-4 Brocatelle Table Covers, 40c kind 29c.

Our space doesn't allow us to give full particulars, therefore we say one word, "Come and save Money."

WEDNESDAY EVENING, SEPT. 25, 1907.

A Fearful Duel.

The most terrible duel fought at any time in Paris was the one between Colonel D., an old Bonapartist officer, and M. de G. of the Gardes du Corps, a mere youth, but of herculean strength. The two men, lashed together so as to leave their right arms free, were armed with short knives, placed in a hackney coach and driven at a tearing gallop around the Place de la Concorde. They were taken out of the coach dead. The colonel had eighteen stabs, the youth only four, but one of these had pierced his heart.

Mastered the Q.

Hundreds of people have cured themselves of impediments in speech. One of last year's mayors as a young man used to find it almost impossible to pronounce words beginning with a "q." Every day for months he used to walk across St. James' park practicing this sentence aloud, "A quantity of quicksilver quietly quartered in a quagmire," until he conquered the impediment. Today he is one of the most fluent speakers in England.—London Tit-Bits.

Why He Wanted an Autograph.

A young man once wrote to William Dean Howells for his autograph. The novelist replied in a typewritten line:

"Have you bought my last book?"

The young man answered:

"I have not. I want to sell your autograph in order to get money enough to buy it."

Reasonable Request.

"The trouble," said the dentist as he probed away at the aching molar with a long, slender instrument, "is evidently due to a dying nerve."

"Well," groaned the victim, "it's open to you to treat the dying with a little more respect."

The Combination.

Miss Millyun—One can be very happy in this world with health and money. Deadbroke—Then let's be made one. I have the health and you have the money.—Illustrated Bits.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c and $1.00. Trial bottle free.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E. S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

A Bad Sign

J-22

Irregularity is bad in every department of life, in meals, in sleeping hours, but especially when it is a question of womanly habit. Not only is it a sign of female disease, but, unless cured, it will cause dangerous troubles, because of the poisons thus allowed to remain in the system.

If you suffer in this way, get a bottle of

Wine of Cardui

Mrs. Lucinda Johnson, of Fish Creek, Wis., writes: "I suffered for fourteen (14) years with irregularity, causing great pain. At last I tried Cardui, and now I am cured." At all druggists, in $1 bottles.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. *Why* the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed *free* on request. Address Dr. R.V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

CHALLENGE DECLINED.

At a special meeting of the New York Yacht Club last night the challenge of Sir Thomas Lipton for a series of races for the America's cup was rejected after considerable discussion. The action comes as a complete surprise, as this is the first time in the history of the club that a bona fide challenge to race for the historic cup has been declined.

In effect, it seemed a blunt intimation to Sir Thomas Lipton that his company was not wanted, and that under no conditions will the New York Yacht Club permit him to again try to win the cup. He has already spent nearly $1,000,000 in his efforts to take it back to England.

The refusal of the New York Yacht Club to accept Sir Thomas Lipton's challenge is not in conflict with the deed of gift. The America's cup was deeded to the New York Yacht Club in 1883 by George L. Schuyler, who had won it on three successive occasions, and was therefore entitled to hold it for his own. He presented it to the club under the specifications as orginally laid down by Queen Victoria when she gave the cup.

The challenge was a brief document. Sir Thomas had sent a letter to the club stating that he had challenged with a boat of the 68-foot class under the New York Yacht Club rules because he thought that rating fitted the limitations of the cup class, and because he favored a wholesome type of boat. He also asked that he be allowed to build two yachts and select the better of the two for the cup race.

The challenge simply said that Shamrock IV was the yacht, and the length given was as the 68-foot rating class under the rules.

Ex-Commodore Lewis Cass Ledyard, who is not a yacht owner, and is known to be opposed to Sir Thomas Lipton, argued to decline the challenge.

He declared the club was willing to accept a challenge under the conditions under which the cup had been raced for, at any time, if a ninety-footer should be built, and ended by submitting the resolution declining the challenge.

GOV. SWANSON'S ADDRESS.

Governor Swanson, of Virginia, was the principal speaker at the opening day's session of the American Bankers' Association, which met at Atlantic City yesterday morning. In a stirring address, in which he pictured the South as the coming center of the world's manufacturing industries in every line, Gov. Swanson declared his belief that the disfranchisement of the negro and his consequent elimination from politics in many southern States has been one of the greatest factors in the advancement of the section of the country south of Mason and Dixon's line.

"At last the offices, the business houses, and the financial institutions of the South are in the hands of intelligent Anglo-Saxons," he declared, "and with God's help and our own good right arms we will hold the negro where he is for his own good and our salvation."

Gov. Swanson dwelt on the immense growth of the South, and declared that the southern States are the only ones in the country that are entirely free from political graft.

ANOTHER STRIKE ORDER.

Apparently ignoring the fact that the operators in the New York newspaper and brokers' offices are the largest contributors to the local strike fund of the telegraphers, the resolution to call out the operators on all leased wires in the district controlled by Local No. 16, of the Commercial Telegraphers' Union, regardless of existing contracts, which was brought up on Sunday and tabled till Tuesday, was carried last night at a closed mass meeting of the local. The motion calls on all the leased wire operators to quit work, subject to the approval of President Small, and the national executive committee of the telegraphers would be apprised by telegraph of the decision, and it was so decided to ask them to order out all the leased wire men throughout the United States. Most of the Wall street men who have twice decided against striking are opposed to the strike still. They may decide to ignore the order. The operators under contract in the newspaper offices are also averse to breaking contracts.

Health in the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.

LONE GIRL IN DISMAL SWAMP.

Twelve days in the Dismal Swamp, without food or water and at the mercy of the wild beasts that roam that weird but historic freak of nature, Annie Stanley, a mere slip of a girl, not more than eighteen years of age and pretty, is now insane, unable to speak or tell how she came to be in such a plight. Her flesh torn and bleeding and with but little clothing on her person, the girl was discovered a few days ago lying on the ground in the thickest part of a swamp by a posse of men who had been attracted by her cries. Gently they carried her to the home of a physician of Indiantown, N. C., but only her screams rewarded the untiring efforts of physicians to restore her reason. Some people believe the girl was taken into the swamp by persons who desired her death. The case is being investigated.

STUDENTS IN A FIGHT.

Three of the older students of the West Virginia Wesleyan College, at Buckhannon, are in a hospital as a result of an attempt to haze two new students. The latter were escorting a young woman of the college home from church after dark, and were met on the campus by five of the older students, with coats turned wrong side out and handkerchiefs over their faces as masks.

The new students asked the older ones to wait until they escorted the young woman home, but they proceeded with the attack. The two students assaulted drew their pocketknives and began slashing right and left. Two of their assailants took to their heels, and the three that remained in the encounter were badly slashed.

THURSDAY EVENING, SEPT. 26, 1907.

AMONG the many conveniences of the twentieth century is what is known as a "telephone newspaper," by means of which persons can keep posted in current events without the trouble of reading the daily prints. At Buda-Pesth, Hungary, a regularly organized company delivers the news by wire instead of by paper. A receiver will be put in a residence or place of business without charge, and the news delivered for but two cents a day. In Buda-Pesth more than 15,000 houses enjoy the "telefonhirmondo," as it is called. From eight in the morning to ten at night eight loud-voiced stentors shout the editor's "copy" between a pair of immense microphones, whence it is carried by wire to all parts of the city, to be heard through telephone receivers. All kinds of news is thus sent out, just such as occurs in the daily papers—telegrams, political speeches, weather forecasts etc. Furthermore, at stated hours concerts are heard by the subscribers, and they can sit at dinner or at cards and enjoy the best music in the city, as arrangements are made whereby the recitals at the opera house are received by microphones and transmitted. Preachers, lecturers and speakers generally speak to the public also. The exact time of each news item is strictly regulated, so that a person always knows at what hour a certain class of news will be delivered, and he can listen or not, as he chooses. Special concerts for children are given once a week; and the service is extended to the hospitals and asylums, where the sick and blind can hear. Truly we live in a marvelous age.

SINCE THE days of Dr. Jenner a respectable minority in all civilized countries have questioned the efficacy of vaccination, while many more have believed that the operation is accompanied by more or less danger. Occasionally some person loses his or her life from having virus mingled with the blood. A case in point recently occurred in Brooklyn, N. Y. Walter E. Brown, seven years old, died Tuesday. The physician who attended him said that death was due to vaccination by a board of health physician. The boy's father two weeks ago decided that it was time for his son to enter the public schools. When he made application, however, he was told that the boy could not enter unless he was vaccinated. The father objected, but when he was informed that there was no other way he consented and took the boy to the board of health. Two days afterward the boy's arm began to swell and he suffered from convulsions. A physicians was called in. He said the boy had blood poisoning, and that the poisoning had been caused by impure vaccine virus.

THE statistics compiled by the Interstate Commerce Commission for the year ending June 30, 1906, show that the number of persons on the payrolls of the railroads of the United States was 1,521,355. The total amount in wages and salaries paid to employes during the year was $900,801,653. The number of railway corporations was 2,313, and the total single-track mileage 224,363, of which 3,971 was operated by receivers. Were these railroads under government control, as some radicals now favor, the party in power having authority over this army of employees would never be defeated.

AN official report on the relation in France of alcoholic excess to mental alienation shows that in the public asylums for the insane there are 9,932 cases affected by alcoholism out of a total of 71,547. Of the 9,932 cases of alcoholic alienation, 4,882, or approximately half, owe their degradation to absinthe. France is taking steps to prevent or greatly lessen the use of absinthe and the sooner this is done the better. Absinthe in France and cocaine in America are playing sad havoc with the people thereof.

BIDS for supplying and transporting coal for the Atlantic battleship fleet during its trip to the Pacific, opened at Washington a few days ago, showed the figures for foreign vessels to be far lower than those for American vessels. When Congress meets this will be used as another reason for paying ship owners big subsidies out of the public treasury.

FOR nearly every railroad collision some person is responsible, and it is time that in every case the responsibility be located and the guilty person punished. Yet it is the rarest thing in the world for anyone to be punished for a railroad accident, though punishment would increase the safety of travel.

A conspiracy to start a revolutionary movement in Cuba has been discovered. Under instructions issued by Gov. Magoon a number of suspicious persons believed to be connected with the conspiracy have been shadowed for several days. It is believed that the movement is backed by New York capitalists.

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, Sept. 26.

The striking telegraphers will appeal to Congress for an investigation of the two telegraph companies. This announcement was made today by Vice President W. W. Beattie, who says: "The testimony of experts will show that the general public has been mulcted out of millions of dollars by this combination of telegraph interests. All of the iniquities of the commercial telegraph companies will be shown before a tribunal, which has no immunity bath attachment. The resolution asking for the investigation will be introduced in both the Senate and House on the opening day of Congress." Beattie says that no response has been received to the appeal the Central Labor body of this city made to President Roosevelt that he institute an investigation through the Attorney General's office with special reference to the charge that the two companies are working in violation of the Sherman anti-trust law.

Brigadier General Barry, commanding the army of Pacification in Cuba, in a telegram sent today to the Adjutant General relative to the Cuban uprising says: "Have been alive to situation for some days, though nothing has developed worthy of reporting. All intelligence officers and station been alert and have reported everything concerning it. Daily reports from them show tranquility in all provinces except Pinar Del Rio, where there is some slight agitation among lawless class, mainly negroes. Am satisfied any situation which may arise, will be promptly and successfully handled."

From now until Sunday when he will start on his western tour, the President will spend three of the busiest days of his life. Here are a few of the important questions he found waiting attention when he reported for duty at the executive offices early today:

Will the reappoint of Wu Ting Fang as Chinese minister at Washington be acceptable to this government? Strong pressure is being brought to bear in high quarters to have Wu turned down. The two principal charges are that he lacks dignity and that he was instrumental in bringing about the boycott against American products in China. Secretary Root left the city yesterday without taking action, and is understood to have passed the matter up to the President.

Will the administration approve the project of the Navy Department to have coal for "Bob" Evans's Atlantic-Pacific fleet transported in foreign bottoms? American shippers have made a strenuous protest.

Shall the contracts for submarine torpedo boats be divided between the competing companies? Both Holland and Lake representatives are on hand to urge the merits of their respective craft.

Who will get the job of internal revenue collector at Cincinnati, vice Cellarius, resigned? Taft-Foraker-Cox politics enters into this question.

What will be the next move of the administration against the trusts? Attorney Bonaparte is scheduled for a conference with the President on this point.

Who will win the international tennis match on the White House courts Saturday? The Rt. Rev. Arthur Foley Winnington Ingram, Bishop of London, has accepted President Roosevelt's challenge for a few sets.

The President appeared at his office at 9:40. Visitors who called to shake the presidential hand and congratulate him upon his safe return said he was in splendid spirits and that he spoke enthusiastically of the benefit he had derived from his summer rest. The first to be ushered into the office were Assistant Secretaries Bacon and Oliver of the State and War Departments, respectively. Captain Lee, one of the President's military aides, and ex-Senator Jones, of Arkansas, were admitted soon afterwards. Senator Curtis, of Kansas, called to invite the President to attend the coming meeting of the Trans-Mississippi Congress which is to be held at Muskogee, in November, and which has for its chief purpose the booming of Galveston, as the great export city of the south. The President did not promise to attend.

Judge Waddill, of the United States District Court at Richmond, Va., has handed down an order requiring the Virginia officials of the fertilizer trust to appear before the United States court at Nashville, Tenn., in the suit pending there for the dissolution of the corporation. Assistant Attorney General Sanford was prepared for a long contest, but the defendants attorneys finally withdrew opposition.

The President and Secretary of the Navy today untied an unpleasant snarl by deciding to name the new monster battleship North Dakota, instead of New York.

Until President Roosevelt says the word, North Dakota will not come out for any presidential candidate for 1908. Senator McCumber made this announcement today, and made it just as emphatic as he knew how. "North Dakota is for Roosevelt, first, last, and all the time" said the Senator, "and, until we know just what he is going to do, we won't take any action looking to the indorsement of any presidential candidate. If he refuses finally to run, North Dakota will be for the man who best represents the President's policies."

By prompt action on the part of the provisional and military officials in Cuba, it is believed at the War Department that an attempt to cause an uprising on the island has failed.

The Navy Department this afternoon received a telegram from Admiral Dayton, announcing the arrival of the armored squadron from the Philippines, at San Francisco. It consists of West Virginia, Maryland, Pennsylvania and Colorado.

Joseph McMahon, 44 years old, a painter, living at 3025 M street, while painting a cornice at 3127 M street this morning, fell from the scaffolding, fracturing his skull. He died soon after.

The President today assured Senator Calvert, of France, that he was in favor of uniform international pure food regulations. Senator Calvert was introduced at the White House by Dr. Harvey Wiley, of the Agricultural Department.

ATTEMPTED SUICIDE.

Miss Nellie Hern, a native of Round Hill, London county, swallowed the contents of a bottle of carbolic acid Tuesday afternoon in front of her home, 213 F street northwest, Washington. The young woman's life was saved by the prompt action of friends and later by physicians at Emergency hospital, where she was taken. Miss Hern recently moved to Washington with her parents and obtained employment at a cafe in Twelfth street, between F and G streets, northwest. Soon after going there she met George C. Crean and, it is said, they were to have been married shortly.

News of the Day.

Rumors that Secretary of the Navy Metcalf will retire from the Cabinet have been revived.

Heavy frost is reported in Iowa, South Dakota, Minnesota and Wisconsin, while Cleveland reports a snowstorm.

President Roosevelt and his family returned from Oyster Bay to the White House late yesterday afternoon.

Missouri railroads, after a three months' test of the two-cent fare law, report a loss of $1,500,000, and will appeal to the courts.

The order that all field officers below the rank of brigadier-general must go through the hose-back-riding test has caused a vigorous protest in Washington.

Countess Montignoso, who was divorced from the present King of Saxony while he was Crown Prince, has married Signor Teselli, a music master, in London.

The text of the Anglo-Russian convention was made public in London yesterday and it contains a special reservation by Great Britain of her rights in the Persian gulf.

Masso Parra and General Ducaz were arrested early today in Havana, on orders from Governor Magoon on a charge of treason. Several other arrests of known revolutionaries have been made, but the identity of those held is guarded.

Byron W. Williamson is in the county jail at Findlay, Ohio, charged with having offered a bribe to a juror in the Standard Oil trial last June. Statements are being made by Williamson in an attempt to involve Ex-Senator Thomas H. McComis.

Mrs. Harry Thaw, who has been confined at home since last Saturday, is reported somewhat worse today. Her automobile, however, makes usual daily trips to the Tombs bearing messages to Harry Thaw, together with luncheon and supper for the prisoner.

Today's reports place the number of drowned by yesterday's cloudburst and floods in Malaga, Spain, and neighboring towns at 150. Thousands are homeless and destitute and a famine is threatened. The damage is placed at enormous figures. King Alfonso is on his way to the scene.

Several members of the party of thirty striking telegraphers, who are camping in the vicinity of Cabin John Bridge, in order that living expenses may be reduced during the existing trouble, narrowly escaped drowning last night, when a boat in which they were seated suddenly capsized, throwing them into the deepest portion of the canal. They were saved through the heroism of one of their number, W. T. Martin.

By the will of the late Colonel Robert E. Withers all of his property will be divided equally among his children. The home place, "Ingleside," at Wytheville, has been sold to one of the daughters, Mrs. Ellie Putney, wife of Stephen Putney, of Richmond, for $8,000.

The National Camp, Patriotic Order Sons of America, in Richmond yesterday approved the plan of the State camp looking to the purchase and preservation of the old home of the Lees—Stratford—in Westmoreland county and appropriated $100 for that purpose. This is as much as any one body or person can contribute. Chattanooga was selected as the meeting place of the next convention.

As the result of a boy jumping off a special trolley car filled with fifty-seven exposition employes en route to work, and entering the watermelon patch of R. T. Powell when the car stopped for signals at the Mason's Creek drawbridge, near the Jamestown exposition grounds, yesterday, the owner of the farm blazed away with a shotgun, the load entering the car and injuring eight persons. There were many narrow escapes from serious injury. There was great excitement on the car, most of the passengers being young women. The boy who entered the melon patch escaped injury. A warrant of arrest has been sworn out against Powell.

FIGHT IS STILL UNSETTLED.

While it is believed in Norfolk that the revival of the committee on entertainment to have charge of all social events at the Jamestown Exposition will be accepted by both Director-General Barr and President Tucker, it is freely admitted that the settlement of the social differences is yet to be finally consummated.

Director-General Barr is out of the city. President Tucker declined to discuss the matter today, declaring that he had yet to be acquainted with the full meaning of the action of the directors.

The feeling is general that the compromise measure will not be entirely satisfactory to either side, but those engineering the settlement are confident that sufficient pressure can be brought to bear on both officials to secure their acceptance and restore peace.

LETTER TO CHAS W HOWELL

Alexandria, Virginia.

Dear Sir: The wear of paint goes by gallons; the less-gallons paint wears longest. The reason, of course, is its strength. It takes less gallons, because it is strong; it wears a long time, because it is strong. It is all-paint and the strongest paint.

There is a best paint among all-paint paints. No two are alike, of course; no two cover alike or wear alike. One is thin, another is thick; one has too much lead, another too much zinc, another is right. The right is Devoe, so far as is yet known. Perhaps somebody else will find out a better paint than Devoe; then Devoe will become a more-gallons paint, a costlier paint, a weaker paint, a less-durable paint, a less-economical paint, a timid paint.

Bigger changes than that have come over the world. Devoe has the lead; why shouldn't we lose it to somebody-else?

Yours truly,
F W DEVOE & Co.

THE FERTILIZER CASE.

In the federal court at Norfolk yesterday, before Judge Waddill, F. J. Royster and Charles F. Burroughs, fertilizer manufacturers, of Norfolk, cited as defendants in the so-called fertilizer trust case, to be heard in Nashville, Tenn., waived further hearing as to whether or not they should be removed to the jurisdiction of the Tennessee court, and each gave bond in the sum of $5,000 for his appearance. Immediately upon Attorney General Sanford, of Nashville, submitting certified copies of the federal grand jury indictments in the Tennessee court, counsel for the defendants announced that their clients would submit no evidence and were ready to enter into bond to appear for trial in Tennessee.

Today's Telegraphic News.

Lipton Disappointed.

London, Sept. 26.—Sir Thomas Lipton was clearly disappointed over the refusal of the New York Yacht Club to race for the America's cup with a 68-footer. When seen at his country house today he declared he could not say what his future course would be until he received the complete text of the refusal of the Americans to meet him.

"I am disappointed over the refusal of my challenge. The New York Yacht Club has always been my very good friend and I have always been shown the greatest kindness and consideration by its members, Hitherto I have been refused nothing, and it is evident that the new rules have caused the declination. Had I challenged under the usual international rule I believe I could understand the matter better, but I challenged under the newly adopted rule of the club itself which has officially characterized the 90-footers as freak racing machines; and so I hoped that they would sanction a real race with real boats manned by crack crews and skippers. If the New York Yacht Club wants me to race with a ninety-footer, I will of course do so. However, I will never again race under the old rule. If they will race under their own new rules, I will build a boat in class H, which would give us up to 94 feet on the water line, and I have already asked Designer Fife to prepare plans and come here for a consultation. I will never again take a freak across the ocean, as it means risking the lives of all who sail on board. Then, again, all of our leading designers here have absolutely refused to design me a boat under the old agreement."

Charges Against a Minister.

Lincon, Neb., Sept. 26.—Charging that his refusal to accept her ardent devotion resulted in Mrs. Arthur E. Cross making charges of immoral conduct against him which resulted in his being deposed from the pastorate of the Methodist Church, Rev. W. F. Ferguson is today trying to clear his reputation. A committee of 13 ministers from the Nebraska conference is hearing the evidence in the case. Ferguson insisted that Mrs. Cross, with whom he boarded, fell in love with him, and fearing that he would wed a wealthy widow to whom he was paying attention, made the charge to the church board that he had been indiscreet with her in order to prevent his marriage. Mrs. Cross is the chief witness against Ferguson at today's hearing which is being conducted behind closed doors.

Rumored Race War.

Hattiesburg, Miss., Sept. 26--A sheriff's posse has been hurried from here to McLaurin, Perry county, to suppress a race outbreak in which it was reported last night that six negroes had already been killed. The town being without telephone or telegraph communication and the members of the posse presumably too much occupied to send a messenger to Hattiesburg, definite news is lacking concerning the present status of the situation. The posse was dispatched just before reports of the killing were received in response to an appeal for aid from Deputy Sheriff John Davis, of McLaurin. The latter sent copies of a poster warning negroes to leave town before September 23 under penalty of death. It is believed the race war is the result of jealousy between white and negro employees of the McGinnis Lumber Company which has a large plant near McLaurin.

Investigating Standard Oil.

New York, Sept. 26:—A search is being made today by Frank B. Kellogg, counsel for the government in the suit to dissolve the Standard Oil Company of New Jersey, for "imaginary" points on the pipe lines of the Standard to which independent oil companies may pipe their oil under what is called the trust's clever method of evading the law of 1906, making pipe lines common carriers and forcing them to publish their rates.

It is probable that an adjournment will be taken tomorrow until the middle of next week to allow John G. Milburn, chief counsel for the Standard, to go to Canton, O., to attend the unveiling of the McKinley monument. McKinley died in his house at Buffalo and he is one of the monument commissioners.

Attempted Murder.

Schenectady, N. Y., Sept. 26.—Crazed by drink and jealously, Wm. C. Carpenter, a young married man, who for the last three months has been living at "The Lafayette," a lodging house, tried to murder John Ishman, a fellow-lodger. Carpenter fired three shots at Ishman in the latter's room. Only one of the shots took effect, it entering Ishman's body near eighth ribs. Carpenter was under arrest on the charge of being a disorderly person at the time of the shooting and was just in the act of leaving the room. Carpenter's victim will recover.

Excitement at a Fire.

New York, Sept. 26.—Fire Chief Edward Croker was overcome by gas in the basement of the burning factory of the Ohio-Cuban Cigar Company. Hundreds of persons were driven by the police from the tenements adjoining the factory and there were wild scenes as the women and children were routed out by the police, who feared the flames would spread. Household goods and furniture were piled in the streets until traffic was blocked. The firemen, however confined the fire to the factory, with a loss of about $20,000.

Negro Murderer on Island.

Summit, Ill., Sept. 26.—Fifty Chicago detectives have surrounded an island in the Desplaines river, near here. Richard Walton, a negro, wanted for the murder of Lillian White Grant, is believed to be encamped on the island with a party of well-armed negroes at his back. Walton's party is said to have sufficient food to last for two or three days. Farmers from all the surrounding country have joined in the man hunt, and, led by the police, they are going through the swamps. The orders of the police are to shoot Walton on sight.

Strike of Shoeworkers.

Brockton, Mass., Sept. 26.—The first regularly ordered shoe-workers strike since 1898 was ordered at W. L. Douglass Company factories this afternoon, 260 lasters quitting at the command of Agent Hickey of the new independent lasters' union.

Attacked by Women Robbers.

New York, Sept. 26.—Two well dressed highway women fell upon Frank Tomlinson in Fifth avenue, just above 42nd street, today, choked and dragged him into an alleyway and were rifling his pockets when he was rescued by two detectives. The women robbers then fought the detectives until they were overpowered. It is known that several men have been robbed in the neighborhood recently but they declined to report to the police, fearing publicity. The women are large and athletic and gave their names as Mary Milliard and Stella Kramer.

Body Recovered.

New Rochelle, N. Y., Sept. 26.—The body of Miss Beatrice Penton, 16 years old daughter of Thomas B. Penton, was recovered from the sound today and identified by her father. She was drowned in Sunday's storms. She went sailing with Guide de Angelis, a young Italian who had been paying attention to her and who had been forbidden by Penton to call on the girl. DeAngelis' body has not yet been recovered.

New York Stock Market.

New York, Sept. 26.—A heavy tone developed in the stock market after the first hour and prices during the greater part of the hour joined in the downward movement. There was no special incentive to the selling but brokers watching the trading thought the business was less professional than it has been for some time and that selling orders were coming in the market from outside, indicating a little renewed liquidation.

We Announce for Today, Friday, and Saturday.

Opening of Parisian and American Millinery.

Presenting a gathering impossible to fittingly describe, comprising, as it does, the best thoughts of the foremost Parisian artists, imported exclusively by us.

There are models from:

Caroline Reboux, Felix, Mme. Lewis, Mangin Maurice, C. Ducas, Camille Roger, Paul Virot & Berthe, Brocco, Marie Louise Blondell, Mme. Pouyanne, Mme. Vimont, Carlier, Leontine, &c.

Scores of exquisite Hats from our own expert milliners, which for smartness of style and high character of beauty are not excelled by the best foreign modistes.

There are models in:

Picture Hats, Evening Hats, Tailored Hats, Toques and Turbans Mourning Toques, Turbans and Bonnets, Misses' and Children's Hats.

Shapes and treatment are both daring, in many of the French hats. Trimmings are at times as bold and rich as a handful of flowers plucked from the garden. But every hat, when placed on its proper head, proves the correct taste and judgment, the accurate touch of the designer.

Our millinery manager found so much of beauty in Paris that she bought lavishly, and the array presented is most delightful. Then, our own designers have outdone themselves this season.

The combined exhibition will prove a delight to all who love true exponents of fashion and beauty.

You are cordially invited.

Millinery Salon, Second floor—10th st.

Tomorrow, Friday, Is REMNANT DAY.

It's against the policy of our house to carry goods, particularly wearables, over into another season. They must be sold in their respective seasons.

There are many just such things—outer and undergarments for men, women, boys, girls, and little children—which we have marked at very low remnant prices for clearance tomorrow. Most of them can be worn until late fall.

There are also many odds and ends, short lengths, broken sizes and assortments—all sorts of remnants for personal and home uses—and they are priced very low.

Nearly every department in the house will be represented.

ENGLISH LANGUAGE LEADS.

Prof. Ridgeway of London has found that the English language is spoken by 650,000,000 people, Russian by 235,000,000, German by 215,000,000, and French by only 90,000,000. Then follow Italian, spoken by 70,000,000, and Spanish by 65,000,000. The statistics were collected for the purpose of advancing the cause of the English language as the diplomatic tongue, instead of the French.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50c and $1.00. E. S. Leadbeater & Sons, Special Agents. 57

MISS LEE'S WEDDING.

The marriage of Miss Virginia Lee, the youngest daughter of Mrs. and the late Gen. Fitzhugh Lee, to Lieut. John Carter Montgomery, Seventh Cavalry, son of Mr. and Mrs. James Montgomery, of Elizabethtown, Ky., was celebrated in Christ Church, at 6:30 yesterday evening, Rev. J. William Morton, rector of the church, officiating. The ceremony was witnessed by a large number of friends of the bride and groom.

The church was decorated with palms and goldenrod, the yellow plumes of the flower artistically carrying out the cavalry color of Lieut. Montgomery's branch of the service. Mendelssohn's "Spring Song," "Believe Me, if All Those Endearing Young Charms," and the "Lohengrin" and Mendelssohn wedding marches were played before, during and after the ceremony. Mrs. Chas. G. Lennon presiding at the organ.

Miss Louise Jones, of Norfolk, was maid of honor, and Lieut. Winn Blair, of the Seventh Cavalry, the best man. The groom, who wore the full uniform of his rank, was attended by Lieuts. Comminskey, Caldwell and Pearson, of the Seventh Cavalry; Lieut. Campbell, of the Twelfth Cavalry; Lieuts. Trant and Tyler, of the Engineer Corps. The best man and groomsmen, like the groom, wore full military dress.

The bride came in with her brother, Capt. Fitzhugh Lee, of the Seventh Cavalry, aide-de-camp of President Roosevelt. She was gowned in white embroidered pina cloth. Her veil was held with sprays of white sweet peas, and she carried a bouquet of the same blossoms. Among the laces of her corsage was a pearl pin worn by six generations of brides in her mother's family. Her other jewelry included a sapphire and pearl bracelet and a pearl and diamond necklace.

The maid of honor wore cavalry yellow crepe de chine. The bridesmaids—Miss Mary Newton Williams, Miss Mildred Woodward, of Richmond: Miss Julia Downer, of Norfolk; Miss Marguerite Pattison, of Baltimore; Miss Virginia Beall Daingerfield and Miss Geraldine Taylor, of Alexandria, wore gowns of white silk mull, trimmed with yellow lace, and having girdles, armlets and bows on skirts of cavalry yellow satin ribbon. The maid of honor and bridesmaids carried arm bouqutes of golden-rod and had wreaths of yellow roses in their hair.

The groom, his best man and the ushers marched to the chancel by the south aisle and the bridesmaids by the north aisle followed by the bride and maid of honor.

At the chancel Rev. Mr. Morton, the bridegroom and his best man awaited the bride's coming. As the party grouped itself for the ceremony, the bridesmaids passed toward the right aisle and the ushers, who had entered by the right aisle passed toward the left, forming a line a little behind the bridesmaides, each of whom stood between two ushers. At the conclusion of the ceremony in leaving the church two ushers led the line, followed by two bridesmaides, a similar order being preserved throughout.

Mrs. Fitzhugh Lee, mother of the bride, who is in mourning, offset her costume for the occasion with ornaments of pearls and carried a bunch of liles of the valley.

Miss Mary Custis Lee, only living daughter of the late Gen. Robert E. Lee, sat with Mrs Fitzhugh Lee during the ceremony. She wore an ermine stole with her dark dress.

Mrs. W. S. Montgomery, of New York, sister-in-law of the bridegroom, wore a handsome costume of black and white plaid chiffon cloth, with bands of white satin and black insertion. She wore a white hat and carried orchids.

A reception was given immediately after the ceremony at 317 north Washington street, Alexandria, the home of Mrs. William S. Greene.

The number of reception guests was limited to relatives and intimate friends. Among the out of town guests were Mrs. Caskie Cabell, of Richmond; Miss Mary Custis Lee, Mrs. Mann Page, of Elizabeth, N. J.; Dr. O. H. Buford, of Carteraville, Ga.; Mrs. Fitzhugh Elder, of Staunton; Mr. and Mrs. W. S. Montgomery, of New York; Mr. and Mrs. P. C. Cardwell, Mr. and Mrs. John Lottier, of Richmond; Major and Mrs. Jackson Randolph Kean, Major and Mrs. Winter, Mr. and Mrs. Bernard H. Fowle, Miss Dorsey, of Washington; Miss A. H. Fowle, sister of Mrs. Lee; Mrs. George Garr Henry, of New York, and Mr. and Mrs. A. R. Hoxton, of Seminary Hill.

Lieutenant and Mrs. Montgomery, after receiving the congratulations of family and friends, left for a northern wedding trip, the bride wearing a dark blue cloth traveling costume and a black plumed hat. They will make their future home at Fort Riley, Kansas, where Lieutenant Montgomery's regiment is stationed.

SOUTHERN IMMIGRATION.

The Chamber of Commerce is in receipt of the following letter from Mr. John R. Walker, chairman joint committee on immigration, Norfolk.

"The business bodies of the city are now carrying forward the organization of the Southern Immigration Association upon the lines stated in the accompanying circular. We are particularly desirous that the association should be started upon broad and intelligent lines, and with the view of securing a representative Board of Directors for the first year we are asking the Chambers of Commerce and Boards of Trade throughout Virginia and North Carolina—as these are the only States that we will embrace to begin with—to nominate one director each. We want this board to be an active working body, and for this reason we would like for the man whom your organization nominates to be a representative business man who is directly interested in this matter of immigration. The industrial agents of the various railroads in these States will also be members of the board. Just as soon as we hear from you and the other bodies whom we are writing we will call a meeting of the directors, incorporate the association, elect officers and map out the work."

This letter was laid before the Board of Directors of the Chamber of Commerce at a recent meeting and it was decided that the Chamber of Commerce become a member of the Southern Immigration Association. Mr. J. T. Preston, secretary, was nominated as director of the association from their organization. It is expected that the meeting to organize the association will be held in Norfolk, Va., between the 1st and 10th of October.

The purpose and plans of this association are: To promote desirable immigration to the States of Virginia and North Carolina particulary through the port of Nortolk. To place advantages of southern localities before prospective immigrants; to enlist aid of foreigners already here in bringing in immigrants through present channels, and particularly to effect the establishment of regular passenger sailings between Norfolk and Europe; to advertise each section effectively, and to supply them with laborers or settlers at nominal cost.

This effort is along the line so earnestly is advocated by Mr. G. W. Koiner, State Commissioner of Agriculture, and should be of great benefit to both States, in the development of which the question of labor is such a serious problem.

KNIGHTS OF COLUMBUS.

An interesting and entertaining social session of Fitzgerald Council, No. 459, Knights of Columbus, was held last evening at St. Mary's Hall and was attended by a large gathering of local knights together with a number of Washingtonians. The principal address of the evening was delivered by Rev. Father Volz, O. P., of Louisville Council, who in a very succinct manner outlined the objects and purposes of the organization. His address was well received.

Rev. Father L. F. Kelly, assistant pastor of St. Mary's Church, and Rev. August Halbleib, of Richmond, who is now assisting Father Kelly, also delivered brief speeches.

Mr. Francis P. Sheehey, past state deputy, of Washington, made a very interesting address. Mr. W. S. McCarthy, of Washington, gave a recitation. A piano solo was rendered by Mr. Cornelius J. Desmond, of Washington. A short address was made by Mr. Thomas K. Gallaher, of Washington. Two inimitable solos were rendered by Mr. James O'Shea, of Washington. A piano solo and song were rendered by Mr. Charles Lucas, of this city.

At the conclusion of the exercises the members repaired to the Hotel Rammel were a banquet was served. At a late hour the Washingtonians departed for their home, and all were loud in their praise of the hospitable manner in which they had been treated during their brief sojourn in this city. Last evening's entertainment was the first of a series of social sessions which will be held during the winter months by the local council.

The members of this council are actively planning for the observance of "Landing Day" which will be celebrated October 6 next with the exemplification of three degrees of the order. Arrangements have been made to have degree teams from Washington and New York exemplify the various degrees. Landing day is generally celebrated October 12, but owing to the fact that the Washington members of the order have arranged to observe the day October 13 with solemn vesper services in that city the members of this council decided to hold their celebration October 6 in order that the celebrations would not conflict with each other, and it will also give the Washington members of the order an opportunity to be here on that occasion to witness the work.

$543.67 worth of Portieres, Couch Covers, and Brocatelle Table Covers damaged by water in transportation. While in New York a few weeks ago I bought for the fall season, Portieres, Couch Covers and Brocatelle Table Covers. Had them shipped as usual by the Pennsylvania Railroad, but in some way they got wet. We reported our claim to the Pennsylvania Railroad, of which Mr. Jas. Peverill is manager of the freight department. The claim has been adjusted to our satisfaction, certainly it was not much, as the damage was very, little and to get them out quick we marked them as follows:

$2.50 Portieres, beautiful colors, marked $2.00.
$4.50 Portieres, at $3.50.
$5 00 Portieres, at $4.00 and etc.

The Cooking of Food.

There is no reason in the world why men, whether average men or men of genius, should despise the cooking of their food. They never show, or are required to show, the same contempt toward any other art, and on no other is their mental calm more completely dependent. An ill fitting coat is a worry, but not such a worry as dinners perpetually ill dressed. To many men, and especially to men whose work is sedentary or whose brains are fully taxed, food which is at once light and nourishing is an absolute necessity if they are to exert their highest powers, and food of that kind is obtainable only by care in selecting meats and good cooking when they are selected. A man should not think too much of his dinner or devote too much time to preparation for it or enjoy it too visibly when it has arrived, for all those are animal peculiarities. But to remain content with bad food, when a little more thought or carefulness or criticism would procure it in a state fit to be eaten, is only what Scotchmen used to describe as "a wasting of the mairches."—London Spectator.

Cheerful Advice.

A number of railway men were once discussing the question of accidents.

"The roads in Scotland," said one official, "used to have a bad name, indeed, in respect to accidents. No one thought of embarking on a railway journey unless he had provided himself with an accident policy of insurance.

"The famous Dr. Norman Macleod was once about to set off on a long journey through the Scotch country. Just as the train was pulling out the clergyman's servant put his head in through the window and said:

"'Ha'e ye ta'en an insurance ticket, sir?'

"'I have,' replied the doctor.

"'Then,' continued the servant, 'write ye'er name on it and gi'e it to me. They ha'e an awfu' habit o' robbin' the corpses on this line.'"—New York Times.

Not Yet For Sioux City.

The construction of a municipal electric light plant has been under consideration at Sioux City, Ia. The commission appointed to investigate the subject has, however, reported adversely, and the council will advertise for bids to light the city after the expiration of the present contract.

Tax Rate Drops.

The Cleveland Leader attributes to the sale of its municipal electric light plant the fact that the tax rate of Lakewood, O., will be about $2.75 this year as against $3.50 in 1906.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more live than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves Strengthen these inside or controlling nerves with Dr Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E S. Leadbeater & Sons.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.
